

# An Innovation Blueprint: Laying the Groundwork for the next Generation of Business

ANDREA L. BRANDON

DEPUTY ASSISTANT SECRETARY

BUDGET, FINANCE, GRANTS AND ACQUISITION

THE DEPARTMENT OF THE INTERIOR

# 10 Foundational Points

1. The Innovation Imperative: Why Infrastructure Must Evolve Now
2. AI as the Strategic Brain of the Business Infrastructure
3. RPA: Automating the Backbone of Repetitive Workflows
4. Blockchain for Trust, Transparency, and Decentralized Infrastructure
5. Chatbots & Virtual Assistants: Redefining the Customer Experience
6. Virtual Reality: A New Dimension for Training, Collaboration, and Customer Engagement
7. Autonomous Robots: Physical Infrastructure Meets Intelligent Automation
8. Holograms & Spatial Computing: The Next Interface for Business Interaction
9. Integration is the Infrastructure
10. The Human Element: Leading Change

The background of the slide features a dark blue field filled with numerous bright blue, diagonal light trails that create a sense of motion and depth. In the top right corner, there is a solid yellow rectangle.

# Thank You!
